

PRESENTING JOVANOTTE

Lorenzo Jovanotti Tribute

The band born in early 2011, with the intention of giving tribute to one of the Italian artists who in recent years has been achieving a great success all over the world.

The Jovanotte show was designed to reproduce and recreate the same exciting and full of emotions atmosphere that Lorenzo himself presents during his concerts.

The singer's remarkable similarity, the care of the sound, the fidelity in the arrangement and the look of all the musicians, are the added value that brought the band to perform in more than 150 concerts in less than two years of activity. The repertory of Jovanotte traces the entire career of the Tuscan singer, from the beginning "La mia moto" and "Vasco", up to the latest productions contained in the last collection album "Backup".

The show has received official recognition and appreciation by both: Lorenzo Jovanotti and its original bassist Saturnino Celani.
